Heavy Snowfall Blankets Most of State

The heaviest snowfall in several years descended on this area, beginning late yesterday, and by early this morning had reached depths up to 12 inches. Snow was falling this morning, and the area was in for another seige of fighting its way out or else staying put and waiting for a rain or thaw.

Schools were closed today, and obviously will not operate tomorrow.

Single emergency lanes were open on major highways, but all traffic was at a standstill. Those on side streets and roads were shut in, awaiting bulldozers and heavy road machinery to set up lanes of traffic. Even with chains, traffic was next to impossible this morning.

The town fire engine was equipped with chains, and an exit lane shoveled out from the fire house, but the best hope was that there be no fire alarm.

Rural mail carriers were on duty early this morning, but mail was late in arriving at the local post office, and about the only chance the carriers had was to serve patrons along primary roads, until highway forces got on with clearing more roads.

State Police Troopers were on an alert basis.

Only a handful of employees reported this morning at the big Appomattox Garment Co. They went to work, but production was at a virtual standstill. It is reported that Va. Novelty Co. was closed for the day. Many other businesses were at a stalled situation, due to the heavy snowfall. Virtually all meetings were called off.

Local Soldier Wins Award

Specialist Francis N. Hamilton, U. S. Army, has recently received a Citation for Commendation Ribbon with Metal Pendant, for fine duty performed as Budget Clerk, Comptroller's Office, at Fort Greely, Alaska. The honor was presented at Fort Sill, Oklahoma, and says, in part: "Specialist Hamilton has consistently devoted himself to the task of providing maximum service to the Comptroller Office and has demonstrated outstanding skill which contributed greatly to the implementation and success of the Army Command Management System at Fort Greely. His tact and competence has enabled him to work directly and effectively with personnel senior to him in rank and grade in the pursuance of his assigned duties."

He is the son of Mr. and Mrs. E. N. Hamilton, of Appomattox. He is now stationed at Fort Sill, Oklahoma. He is a graduate of the Appomattox High School. He was active in Boy Scout work while in Alaska, being a former Scout here in Appomattox. He was also Sports Editor of the Post Newspaper in Alaska.

BRUSH BURNING LAW NOW IN EFFECT

The Virginia Division of Forestry announced Tuesday that the 4:00 P. M. burning law became effective on March 1, and will continue through May 15. The law, designed to lessen the chance of fire escaping during a hazardous season, requires that no burning is lawful except between the hours of 4:00 P. M. and midnight, if the fire is located in or within 300 feet of woodland, brushland, or grassland.

Forest wardens were quick to caution that the law applies to all open fires including brush and trash fires, picnic and warming fires, as well as fires built in open containers where there is any chance that sparks can escape. Too many fires, say foresters, are escaping from open mesh wire baskets. These are dangerous burning containers and are considered unlawful if any fire is started in them before 4:00 P. M.

In reminding the public of the burning law, forestry officials urge that all fires be completely extinguished before leaving them. It is also unlawful to leave any fire untended.

Girl Scout Anniversary

This month Girl Scouting in the United States is forty-years old and the event is being celebrated by Girl Scouts all over the nation. Sunday, March 6, through Saturday, March 12 is Girl Scout Week: a time to honor every council, every troop, every leader, and every adult member.

Appomattox is in the Central Virginia Council of Girl Scouts, and is proudly participating with two Brownie Troops and two Intermediate Troops. Heading these troops are four leaders, six assistant leaders and 12 troop committee members. These adults are actively contributing to the purpose of Scouting: that of helping develop as happy, resourceful, and willing citizens.

News Report Of Town Mayor

To the Citizens of
The Town of Appomattox:

A new parking ordinance was passed by the Town Council at the February meeting, and has been duly published in The Times-Virginian. I plead with all of you good people to study this ordinance, make sure you understand it, and cooperate with the town in carrying it out. This ordinance means that all parking will be eliminated on the south side of Main Street on the property adjacent the N&W Depot, except for the open lot opposite the Farmers National Bank on the southern side, and this is limited to 15 minutes parking in the parking lanes provided. It is the feeling of your Mayor and your Council that this ordinance will allow a better flow of traffic on Main Street and at the same time provide sufficient parking space for everyone. The effective date of this ordinance was March 1st, 1960. All the Town officials ask for your continued cooperation. Should there be any questions, please feel free to call any of the Town officials.

On Friday, March 4, at 11:00 A. M., in Liberty Baptist Church, our community will observe the World Day of Prayer. I plead with all of you fine citizens to attend this seventy-fourth observance of World Day of Prayer, thereby giving us all a chance to communicate with God as a body of united and consecrated citizens.

Once again, I would like to ask everyone to check all flues, stoves and furnaces to detect and eliminate any fire hazard that may exist. During this cold and inclement weather it is very easy for stoves and furnaces to become overheated. We owe this obligation to our most efficient Volunteer Firemen. Let's give the most full cooperation.

Your counsel and advice on all public matters is welcomed at all times.

Sincerely,

C. T. Moses, Jr.,

Mayor, Town of Appomattox.

CLUB SPEAKER

. . . . Lt. Col. John C. Steck

The Appomattox Woman's Club will meet Monday evening, March 7, at 8:00 o'clock, at the Elementary School.

Lt. Col. John C. Steck, of Farmville, will review the book, "Masters of Deceit," by J. Edgar Hoover. This is a book in which all Americans should be vitally interested, as it deals with Communism in the United States. This meeting is open to the public and the Education Department of the club urges that everyone take advantage of this opportunity. A short business meeting for members of the club will precede the book review at 7:30 P. M., in the Elementary School Library.

Mr. Steck is a graduate of Gettysburg College and was a teacher before World War II. Since his distinguished military career, he has resided in Farmville, and since 1948 has been Managing Editor of The Farmville Herald. He is a member of the Prince Edward County Board of Supervisors.

RED CROSS RUND DRIVE NOW UNDER WAY

March 1 marked the beginning of the 1960 campaign for funds for the American Red Cross in Appomattox County. According to William A. Hunter, Chapter Chairman, the 1960 fund goal for Appomattox Chapter is $3250.00, of which $1-227.00, or approximately 55% is needed to meet the requirements of the local chapter, and the balance will be remitted to the National Chapter.

For the past several years, the Appomattox Chapter has fallen far short of its goal, and it has been necessary to have supplementary drives and also to borrow money to carry out the important Red Cross program in the county.

The importance of keeping the Red Cross Blood Program, and the Home Service and Disaster Relief programs active is well known, and it is hoped that there will be a generous response, remembering that "good things do happen when you give."

IN BOWLING MATCH

Bill Woody and Wallace Haley, of Appomattox are scheduled to participate in a bowling match over TV, in Lynchburg Saturday night at 5:30.

ASKED TO CLEAR SNOW AROUND MAIL BOXES

From all weather reports, winter will linger for a while yet. The R. F. D. mail carriers from the local post office had it pretty rough serving their routes during the recent snows. They did, with a few exceptions, serve their entire routes by working long hours and having the co-operation of patrons who willingly cleared snow from around the mail boxes.

It is not generally known, but the postal rules and regulations do not require a carrier to serve a box unless he can do so from his car. They have not always adhered to this rule because of their desire to expedite the mail.

It will be to the advantage of the patron and the carrier if each patron will clear the snow from around the box as soon as possible after a snow storm. This will make it much easier for the carrier and will assure the patron of receiving his mail daily, along with the self satisfaction that he has done his duty. "The mail must go!"

Social Security Discussion Held

Mr. O'Hare, Social Security Field Representative, will meet with Pamplin farmers in the Pamplin school on March 10, at 7:30 P. M. Topic for discussion at this meeting will be "Social Security For The Farmer." This will be the second meeting on social security for farmers in the Pamplin area.

These group meetings are currently being held every Thursday night in the Pamplin school. They are co-sponsored by the Pamplin Ruritan Club and the County Department of Vocational Agriculture, Appomattox High School.

LOCAL GIRL RECEIVES HONOR

Miss Nancy Martin, the daughter of Mr. and Mrs. Charles S. Martin, was one of fifteen juniors and seniors at Longwood College, who were invited to join Pi Gamma Mu. This is a national social science honor society for students who have done outstanding work and have shown a particular interest in the social sciences.
